

# HOMEOWNERS INSURANCE FOR DOG OWNERS?

If you have a dog, you can get homeowners insurance.

Why give your money to an insurance company that isn't dog friendly when more than 30% of homeowners insurance premiums are paid to companies that DO NOT discriminate against dog owners?\*

Many companies insure dogs of all shapes and sizes:

State Farm

Farmers Insurance Group

United Services Automobile Association

Chubb Group

Amica

Auto-Owners Insurance

Panic policy making has caused some insurance companies to refuse coverage to dog owners when only about 5% of the total homeowners insurance pay outs are the result of liability claims.\* Liability claims include bodily injury, related property damage, forgery, dog bites, and fraudulent credit card use.
